

Anna Gay *HPCA 2006 Graduate*

As a college student, I have very fond memories of my years at High Point Christian Academy. Upon graduation from High Point Christian, I entered the world as a college freshman, both academically prepared and spiritually grounded. The teachers and administration provided me with a solid foundation both academically and spiritually which has carried and sustained me throughout my college years, and in turn has also inspired me to commit myself to the field of education upon my graduation from college.

Anna will be graduating from Appalachian State University in May 2010.
