We will do our biography book reports in class on Monday, November 23.

The students need to start thinking of an animal they would like to report on. Their selections should be made by Friday, Dec., 4th.

Unit 7 is our next unit in vocabulary. The test will be December 4.

Because of the shorten week, we will do a fun writing activity and take a break from narratives.

Bible Verse

Brothers, if someone is caught in a sin, you who are spiritual should restore him gently. But watch yourself, or you also may be tempted. Carry each other's burdens, and in this way you will fulfill the law of Christ.

Gal. 6:1-2

Birthdays

Progress Reports do not reflect today's math test grade. The Progress Reports only have one math test grade which counts as 50%. We should be able to have one more math test grade (not including today's) before the end of the nine weeks. This could have skewed the math averages. More accurate averages will be available after Monday. If you would like an update, please email me.

We would like our students to dress as a Pilgrim or an Indian on Wednesday to help in celebrating our first Math Mystery and Thanksgiving party.
