# Year in Review

**REDUCE**

1 Thessalonians 5:16

# Letter from **The Head of School**

Dear HPCA Families and Friends,

The theme of the 2019-2020 school year was “Rejoice always!” (1 Thessalonians 5:16). Little did we know how God would provide so many reasons to rejoice! Some of those reasons were easy to distinguish; others were initially trials that God ultimately used for good.

There were faculty members who, at a moment’s notice, dropped what they were doing to pray over a student. There were students who accepted Jesus as their Lord and Savior, and other students who made that confession public by being baptized. I saw smiles and joy in the eyes of our students who accomplished academic greatness. I saw athletes and fine arts performers who, with much practice, dedication, and diligence reached a new personal best. I was moved by the determination and resilience of our staff, students, and parents who made the best of the pandemic situation by working hard and not complaining. I witnessed our entire school community come together to celebrate our students and families with our end-of-the-year parades.

I was saddened as teachers walked into their empty classrooms, heart broken with the lack of face-to-face interaction with their students. I witnessed the hardships of online learning which no one in our community wanted. I empathized with students who deeply missed social interactions with their peers and with our faculty/staff. My heart hurt for our graduating seniors as their last few months of high school were abruptly cut short.

However, despite each of these memories, our school remains a very special place - because we are family. We celebrate together; we mourn together. Through it all, we stay together and, above all, we remain constant in our dependence on Him.

Although this past year was unique – with many special memories as well as the void of ones – I am thankful that our wonderful God continues to provide. It is an honor for me to serve as the Head of School for you.

Rejoicing Always!

Dr. Keith Curlee  
Head of School

of Green Street Baptist Church.

# Letter from **Board Chairman**

I want to **thank you** for your part in making HPCA a truly wonderful place...

- **To students**, for embracing Kingdom Education with such enthusiasm, striving to do your very best, and for already using what you've learned to become world-changers for Christ.
- **To faculty and staff**, for your unlimited, prayerful commitment to our students and to our school's future. I am very proud to serve among you, and I have truly never been more grateful for each of you.
- **To parents**, for trusting High Point Christian Academy with your daughter's or son's education, for the financial commitment you've made to ensure that they receive the highest quality education, and for the numerous ways you spread the word about HPCA.
- **To alums**, for staying engaged with HPCA, and especially for the many ways you serve as mentors and guides for our current students. For those of you in alum leadership roles: thank you for giving additionally of your time and talent.
- **To donors, friends, and local community members**, for the giving of your many gifts to HPCA and to our students, whether they be through generous financial donations, leadership, community partnerships, or other relationships.

High Point Christian would not be the same without each of the important roles that all of you play, and I thank you from the bottom of my heart.

Karl Sherrill, HPCA Board Chair

# CONTENTS

**"Delight yourself in the Lord, and He will  
give you the desires of your heart."**

**PSALM 37:4**

Dear Cougar Families,

This past year was certainly a year of developing new and deeper relationships, growth, excitement, change, and joy. This past year our school has certainly endured challenges, but the blessings certainly kept coming!

I often get the question, "what is your favorite part of your job?" This past year, that answer has certainly become evident.

I love seeing how our teachers treat their jobs as anything but "just a job." The stories of our teachers going above and beyond to ensure the needs of our students are not just met, but exceeded. The stories of our teachers spending

countless hours praying over each student in their class, as they are not just their teacher; they are part of their family.

I love walking the halls of our school where I am able to hear the sounds of laughter, the deep questions, and the pure worship and praise of our students. As a mom, knowing that my children do not just attend school, but engage in a school where the students are truly happy; where the love of Jesus is heard and shown through grace and compassion each day; and where I know that my children will be provided a rigorous, Christ-centered, academic experience fills my heart with joy.

I love getting to know our families, their passion for Kingdom Education, and their drive and commitment to ensure HPCA is the best it can be. The more I get to know our parents and grandparents, their hearts, their excitement, and their dedication to HPCA, the more honored I am to partner with these individuals for the continued growth of our school.

I love having coffee with alumni and hearing about how HPCA did not just prepare them for college, or the next steps of their lives, but how it abundantly equipped them spiritually and academically to be true world-changers for Christ.

I look forward to my continued partnership with you – our greatest supporters to take HPCA to the next level for our community!

If you would like to know more about how you can make a financial impact for Kingdom Education, please contact me. All donations, no matter the amount, make a direct impact on the lives of our Cougar community.

*Jenn Lambert*

Jenn Lambert  
Advancement Director

# Advancement

**During the 2019-2020 school year,  
the Advancement Department has:**

- Held school-wide fundraisers, raising over \$115,000 for the K.M. Vestal Annual Fund. Our two largest fundraisers include Cougarthon and the Auction.
- Organized concerted marketing efforts to promote the great things God is doing in our community. These efforts, rooted in continued prayer and dependence on God, have impacted our enrollment numbers as they continue to increase throughout the school year.
- Developed an HPCA Alumni Council and launched an interactive Alumni Directory.
- Communicated diligently with students, parents, faculty and staff with transparency, timeliness, and truthfulness.

Our **HPCA Preschool** had the highest attendance in the last five years with 92 students enrolled in our program. These little ones, ranging from 18 months to four-year-olds, had a year filled with growth, hands-on learning, songs, laughter, and love!

Our Preschool is **unique** in the way we are able to offer a half-day program for families, supplemented with full-day care. This allows us to meet the needs of stay-at-home moms to dual working parents and everything in-between! Our afterschool enrollment soared this year with over 50 preschoolers spending their afternoons with us. This past January, thanks to our Food Service Program, we were able to offer hot lunches delivered to our afterschool students, what a treat!

Preschool families participated in the Cougarthon, the proceeds from which made possible the installation of a much needed fence for our playground! **Thank you** to all families who made this possible!

We loved seeing our Preschool families on campus during the weekdays, and enjoyed **fellowshipping** with you at our special events, such as our Thanksgiving Program.

We also **partnered** with the High Point University School of Education. A group of college students worked with our Preschool Four's classes to design and create a short video for preschoolers meant to encourage healthy eating. This was a great experience for both HPU and our preschool students.

Knowing that the loving hands of **Jesus** reach far beyond our hallways, our school, our community, and our nation, our Preschool participated in the mission project, "Love for Liberia." Students brought in much needed toiletry items that were delivered to our friends across the globe.

At the conclusion of this year, Sherrie White, our Preschool Director, is moving to help with our Kindergarten classes and we welcome Mrs. Kelly Walker into the role of Preschool Administrator. We are **grateful** for Mrs. White's leadership, passion, and love for our little ones.

We look forward to what the 2020-2021 school year holds for the HPCA Preschool!

# Elementary SCHOOL

The 2019-2020 Elementary academic school year was filled with learning, laughter, love, compassion, and growth. Over 190 students – TK-5th grades, excelled in their academic, spiritual, emotional, and physical growth throughout the year. Our elementary program showcases teachers who pour the love of Jesus into these inquisitive, joyful minds each day.

Over the course of this past year, our **TK and Kindergarten students** served as role models for our Preschool Fours as they assisted with crafts and reading programs. What a great way for students to take on leadership roles at such a young age! They embraced our new “Letter Land” curriculum, which teaches alphabet phonics in a visual and interactive manner.

**First Grade students** memorized the Old Testament books of the Bible, dressed up on Dr. Seuss Day, and excelled with their reading and math skillset. They blossomed and matured into independent thinkers and learners throughout the year.

Our **Second Grade students** completed book reports written in a hands-on, creative learning manner, strengthened their study habits, and expanded their drive and determination to excel academically and socially.

**Third Graders** explored history and participated in their own interactive wax museum, learned about the history of our country, and realized how math and science connect with racing from guest speaker, Terry Labonte, and more!

**Fourth and Fifth Graders** operated on a rotating class schedule, allowing them to engage with both grade level teachers for their academic learning. Students dove deep into their Bible referencing His word for every aspect of their lives. These students served as independent leaders and role models for our elementary programs.

# CLUBS *and* *Extracurricular* ACTIVITIES

Did you know that High Point Christian Academy offers a variety of afterschool activities for our younger students?

If your student has not participated in one of these clubs, make sure to sign them up next year!

## **Bel Canto Choir** with Mrs. Kristain Coffey

The HPCA Bel Canto choir is a 4th/5th grade vocal ensemble committed to glorifying God and ministering to others through song. We rehearse after school on Thursday afternoons and have had performance opportunities at HPCA Choral concerts, HPCA chapel services, retirement communities, and the Carowinds Festival of Music.

## **Beyblade Club** with Mrs. Stephanie Guida

Beyblade is a competitive game where spinning tops are launched into a stadium and clash until one is either left in the stadium or spins the longest. This game involves strategy, physics, knowledge of how moving objects (spinning tops) react, and good sportsmanship, all of which provide students with a positive learning experience. The club is open to 1st-5th grade students.

## **Cheer Club** with Mrs. Erin Sands

Cheer Club is for Kindergarten-5th grade students and meets once a week. Each gathering includes a devotion, learning cheers, and then enthusiastically cheering for the Middle School Boys B team games.

## **Code Club** with Mrs. Caroline Medlin

The HPCA Code Club for 3rd-8th grade students is led by high school students who are experts at coding and teaching others. They love sharing their knowledge with elementary and middle schoolers. Programs used include Scratch and Java. The only limit to what is created is the participants' imagination.

## **Go Far Running Club**

with Mrs. Christina Bradley and Mrs. Ginger Coble

GO FAR is a comprehensive fitness program designed to teach children of all abilities about healthy eating habits, goal setting, and how to train for a 5K. GO FAR teaches kids that active, healthy lifestyles are fun and can be sustained throughout their lives.

## **Junior Beta Club**

with Mrs. Cynthia Ellas

The Junior Beta Club is available by nomination – only to middle school students who excel in their academic achievements, character, service, and leadership.

## **Faith Builders LEGO Club**

with Mr. Kirk Oakley

At Faith Builders LEGO Club, we have lots of creative fun! In addition to creating amazing free builds and building awesome sets, we memorize and discuss Bible verses that help us to build our lives on the firm foundation of Jesus Christ. Participants can earn LEGO sets for the verses they memorize.

## **Robotics Club** with Mrs. Caroline Medlin

The HPCA Lego Robotics Club is open to students in grades 4-8. Sessions include building a lego robot and programming it through various challenges. There are two different 10 week sessions: Fall Session is for beginners and Winter Session is for more advanced students (those who have participated in the club two or more times before).

# Middle SCHOOL

Our 6th, 7th, and 8th Graders rule third floor domain of middle school! Academics compel students into the worlds of Life and Earth Sciences, US History, Algebra and a complete overview of the Bible.

Middle schoolers bond together participating in spirit week festivities; creating memories at Merriwood; watching their homemade volcanoes explode; serving others via their Servant's Heart Project; Math Olympics; local, district and national Spelling Bee competitions; and various other extracurricular activities.

Middle school students visited with Christian author, Tessa Emily Hall, who shared her Christian fiction books and experiences as a young Christian writer to encourage middle schoolers and personally sign books.

Sixth grade students enjoyed the unit "In His Image." Students studied different cultures from around the world and celebrated how each group exemplifies the Divine Mandate. Three guest speakers from our HPCA community shared about their native cultures, including Liju Matthews - India; Makara Jones - Vietnam; and Comfort Boateng - Ghana. Each speaker also shared prayer needs for their birth countries. This compelling and powerful experience challenged middle schoolers to truly grow in their appreciation and awareness of other cultures made "In His Image."

# High SCHOOL

Students in Grades 9th–12th experienced a high level of academics, partnered with innovative learning throughout the year. With our one-to-one Chromebook program, all high school students have technology at their fingertips for use in their classroom setting and at home.

High School students participate in a variety of extracurricular activities, including International Club, Interact Club, National Honor Society, Science National Honor Society and more in addition to the AAs and athletics programs.

High School students embraced many opportunities in their first **Day of Service** this year. All high school students left campus for the day to serve individuals and organizations within our community. Organizations served included Title One schools, the YWCA, Senior Center, New Life Family Outreach, West End Ministries, and more! Students and faculty spent the day focusing on the needs of others in our community while demonstrating the love and kindness of Jesus Christ.

Each year our High School hosts **international students** from across the globe. This year we have 14 international students from Burma, Germany, Spain, South Korea, China, Hungary, Costa Rica, and Brazil. Great discoveries occur as culture is shared. International student, Alejandro Mejia, was featured in several media spotlights when packing a shoebox for our Operation Christmas Child shoebox project resurrected a distant memory of receiving such a shoebox himself when he was younger. This story touched the hearts of our students and faculty. Throughout the years students of all grade levels have packed shoeboxes to send across the globe, never expecting that a recipient of one of these boxes would be a student at our school!

**Blessings** showered the high school campus this year in various ways. One was the remarkable recovery of 10th grade student, Maxx DeFord. After being diagnosed with a brain tumor, and surviving brain surgery, the high school gathered around in support and love as Maxx made his way back into the classroom. Maxx's story is certainly evidence of power of prayer and dependence on God.

[www.hpcacougars.org](http://www.hpcacougars.org)

High School Seniors serve as Cougar Pals and prayer partners for our Elementary students.

High School Seniors were able to visit The Ark Encounter in Kentucky on their Senior trip.

# STUDENT *Life*

Each week our middle and high school students came together for a time of worship and Bible study. Student Life Director, Pastor Jeff Bradsher, built meaningful relationships with students as he listened, learned about, and loved them for who they are, while bringing the love and understanding of Jesus into their lives.

Weekly Chapel is a precious time set apart to praise and worship the One who made us and saves us! Here is a sampling of what our middle and high school students experienced at chapels throughout the year.

- **AXIS chapel** was an eye-opening and engaging program leading students to make good choices related to social media and technology.
- **“Chapel on the Lawn”** was our first outdoor chapel! Students brought blankets and lawn chairs to participate in prayer and worship. Worshipping God outdoors with classmates was truly a blessing.
- The **Costa Rica Mission Team** led a chapel in which 13 of our student missionaries shared their experiences, from our first Costa Rica mission.
- At the Student Led Chapel, students heard testimonies and stories from six of their classmates related to how God has impacted their lives.
- As a church-sponsored school, HPCA has also **collaborated** with mission projects led by Green Street. This year, we focused on ways we could join together to bring our community closer to Jesus.

Partnered with Green Street to bring AXIS on campus for teacher, student, and parent sessions related to social media and its impact on students.

Partnered with Green Street for **“Fall Fest”** which involved middle and high school students volunteering for one of the church’s largest outreach opportunities.

# FINE *Arts*

The Fine Arts Program at High Point Christian Academy grows, strengthens, and refines our students in the areas of band, choir, art, and more! They have been heard, seen and showcased throughout the community and region. These are only the highlights of Fine Arts events that took place throughout our school year.

## Elementary

- Students participated in an interactive Opera, performed by UNCG students.
- Elementary art students participated in the HPU “Draw Like a Panther” contest where three of our HPCA students were selected to have their art displayed in college athletic programs. They were honored at a basketball halftime game.
- A select number of pieces were recognized and displayed at the Theatre Art Galleries Elementary Art Exhibit.
- Students spent a day experiencing a plethora of artistic expressions during the CREATE festival. Students made butter, practiced taekwondo, imitated cloggers, enjoyed bag pipers, and more!
- Elementary students entertained and awed us with their musical and acting talents during the annual Christmas performance!
- Over 20 students participated in our Piano Festival, grades 1st–8th. Each was awarded a Superior rating – a first-time achievement for all performers!

## Middle and High School

- Sixth grade students participated in the Fine Arts Wheel, which allows them to experience all aspects of Fine Arts to hone in on their God-given talents.
- Students performed in band, choir and Bel Canto concerts throughout the fall and winter months.
- High School Bella Voce sang the National Anthem at various sporting events throughout our community.
- High School Concert Choir and Bella Voce participated in a concert with Keith and Kristyn Getty.
- A select number of art pieces were recognized and displayed at the Theatre Art Galleries High School Art Exhibit.
- The Annual Talent Show highlighted 20 different acts ranging from singing and line dancing to skits and saxophone playing.
- The High School Concert Choir earned a rating of Excellent and Bella Voce earned a rating of Superior at the Wake Forest Musical Performance Adjudication.

# Athletics

HPCA Athletics affords our students the opportunity to showcase skills that are developed with commitment, perseverance, and teamwork. With thirty-three different teams, our middle and high school students have ample opportunity to find the “right fit” for the talents God bestowed upon them.

These teams work hard together on and off the field to bond and **support** one another and our community. Each sports team completes a service project throughout their season which grows students athletes as servant leaders.

This year one of our student athletes, KJ Garrett, was faced with a difficult diagnosis for his father. KJ, an HPCA junior, loves basketball. This year, his father’s battle with cancer came to an end, but his legacy lives on through his son KJ. Our school community quickly arranged a basketball game against Caldwell Academy so that KJ’s dad, from his hospital bed, could watch his son play basketball one last time. The **love** shown by everyone in attendance proved that this was much more than a team. This was a family – the Cougar Family.

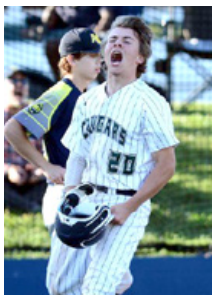

## 2019-2020 Senior Athletes of the Year

### **Sydney Bell** *Basketball, Track, Volleyball*

“Sydney has always had a strong work ethic and is very coachable. She has been a leader on the track team the last few years, pushing her teammates to work hard each day. She is one of the most competitive athletes I’ve coached and never wants to lose.”

Heather Foster, Track & Field Coach

### **Drake Carrick** *Baseball, Basketball*

“Drake was an awesome leader. He is always there to encourage his teammates when things aren’t going well or when the team needs to focus and start playing well. His work ethic has always been one for others to follow. Drake is always coachable and desires to please his coaches and to set an example for his teammates to follow.”

Joseph Cooper, Basketball Coach

*These are only a few highlights from this year!*

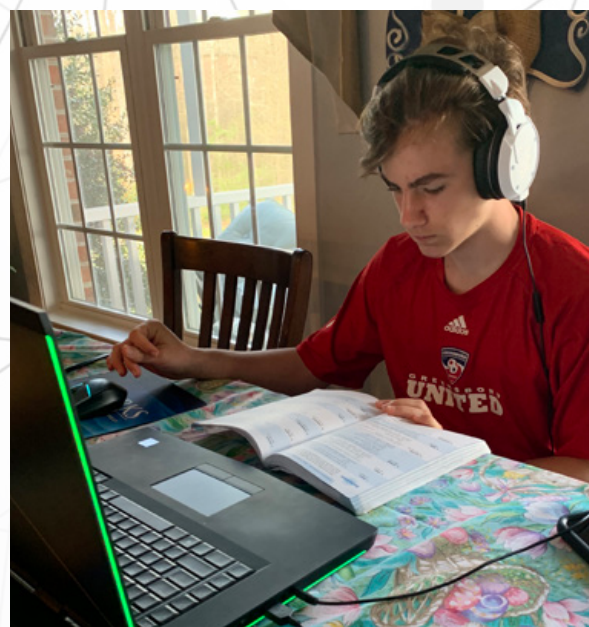

# *Online* LEARNING

Our last day student were on campus was March 13, 2020. To ensure the safety and well-being of our students during the novel coronavirus pandemic, our teachers were given three days to prepare for and move from a face-to-face, in-class learning structure, to online learning.

While we continued to pray that this transition would only be for a few days, then a few weeks, then hoping to return in May, there were greater plans for our school. While we know this was not what anyone wanted and certainly what no one could have imagined – with your support and partnership, this was a success.

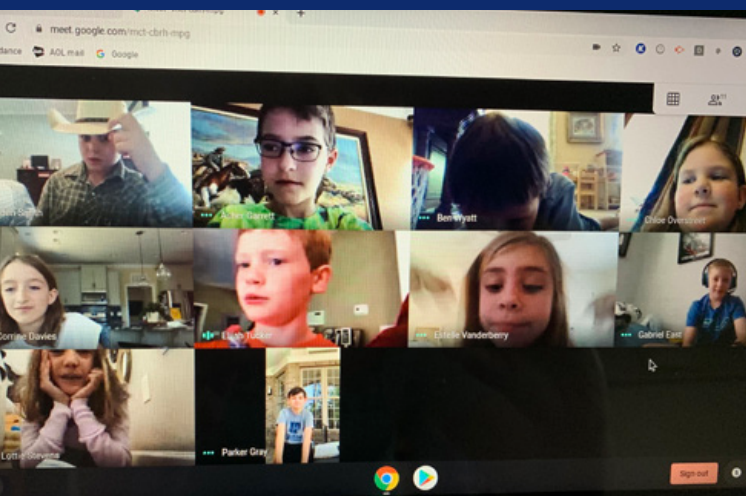

“Canvas was helpful to keep every assignment organized and know what had been completed. Grading was also easy to understand this way. The online learning taught my 4th grader to be responsible for his work and also to be more mature in what he understood with navigating technology. It allowed independent learning and several times he and others in his class organized study sessions together, separately from the chats set up by the teachers. It was also very clear that the teachers and school leaders we have are genuinely committed to the children. Their expressions of how much they really missed the children left no doubt that they are gifted by the Lord to teach and lead. We are blessed and thankful to have them!”

**ELEMENTARY PARENT**

*Thank you for your support, grace, and understanding during this time!*

“Our teacher was an amazing teacher, and the best blessing of quarantine (for our family) was getting to see first-hand what an incredible job he does. His instructions were clear, he utilized multiple technologies, and he worked overtime to create daily Bible lessons. His end-of-the-year award video is truly exceptional and will be something our family watches over and over. For preschool, our teacher did a weekly email and video to interact with the kids. She is such a blessing to the school and our family!”

**PRESCHOOL AND ELEMENTARY PARENT**

“HPCA was on it from the start and was so much more prepared than other schools in our area. We liked the video instruction from teachers, the communication with parents, and availability of teachers when the kids needed support. The “family” environment continued at home as it would on campus. The encouraging and caring atmosphere was evident for our family with teachers and principals reaching out constantly. The grace given for my kids to adjust was so appreciated. Our kids improved with organization and work ethic even though they missed their friends and teachers. My husband’s words: “I thought High Point Christian knocked it out of the park.”
