

# CORONAVIRUS (COVID-19) UPDATE

Monday, March 23, 2020

Dear Cougar Students and Families,

We are all experiencing unexpected, historical times. What we do, and how we respond to these circumstances will make all the difference in our lives, our families, our school, and the world around us. I am so grateful for all of you, and your steadfast commitment during our temporary online learning environment.

Today is our third day of online learning, and hopefully, technology issues are not prohibiting your Cougar high school student from being successful. If you need assistance with technology, please email [techsupport@hpcacougars.org](mailto:techsupport@hpcacougars.org) and we will assist you quickly.

I hope you have found the online lessons provided by the teachers to be beneficial but not overwhelming. If you have any questions regarding the course content or an assignment, please ask your teachers, they are available and ready to help you through the online learning process.

\*All teachers' online office hours are 8:30 – 9:30 a.m. and 2:30 – 3:30 p.m. every day

\*The school office is open from 8:00 a.m. to 2:00 p.m. to receive phone calls and emails; I'm on campus during that time frame

The teachers, staff, and I all wish that we could conduct school on campus and be together, once again. Meanwhile, we continue to pray for you and your family.

God bless you,

Mr. Willie Guida  
High School Principal
