

CORONAVIRUS (COVID-19) UPDATE

Friday, March 13, 2020

Dear HPCA Preschool Families -

We continue to monitor the ever-changing coronavirus epidemic that is occurring all around us. The safety and well-being of our students is a top priority for our academy. Here are a couple of updates for our HPCA Preschool families:

1. We continue to ask our families to keep students who are exhibiting any symptoms of illness at home. It is per our handbook that students should be fever free without fever-reducing medication for 24 hours before returning to school. This is extremely important, especially during this season.
2. If we are required to suspend on-campus classes at some point in the future, we will transition our TK-12th grade students from an on-campus environment to online learning. Our Preschool will close until we are able to allow students back in our classrooms. Preschool teachers will continue to work on their lesson plans and curriculum updates.

While there is anxiety in the unknown, we are fortunate to know what is certain: our God is a great God, our mission at HPCA remains the same, and we are committed to providing a quality academic experience for our students during this challenging time.

Thank you for your understanding -

Dr. Keith Curlee
HPCA Head of School
