

CORONAVIRUS (COVID-19) UPDATE

Monday, March 23, 2020

TK-8 Families,

Today is our first full week of online learning. Hopefully you've been able to work out many of the technology issues last week. If you need assistance with technology, you can email techsupport@hpcacougars.org and someone will assist you.

I hope you have found the lessons that the teachers have provided to be beneficial but not overwhelming. Many of you have commented on how entertaining some of your teachers are. Attached are a few pictures of school without students. We wish you were here. You bring so much joy to our days. We've been praying for you and have been working hard to learn new technology.

The office is open from 8 am to 2 pm to receive phone calls and emails if you have any questions.

Serving Christ,

Scott Prohaska
TK-8 Principal
